## IISRP PUBLISHES THE SYNTHETIC RUBBER MANUAL 20<sup>TH</sup> EDITION

**HOUSTON, TEXAS, 20 Dec 2017**—The International Institute of Synthetic Rubber Producers (IISRP) has published the 20<sup>th</sup> edition of *Synthetic Rubber Manual*, the world’s leading source for synthetic rubber products grade information worldwide. The Manual also includes detailed contact information of global synthetic rubber producers and summaries of the major elastomers.

*“The book, widely used by the elastomer downstream customers and marketing planners includes product applications”,* according to with Juan R. Salinas, IISRP’s Managing Director, and CEO. It is recognized internationally as the standard reference in the synthetic rubber industry. The book is available at the IISRP for \$ 450.00 USD for the general public. \$ 225.00 USD for IISRP members and \$ 5,000.00 USD for non-members producers.

The book will be available for order on the IISRP website at [www.iisrp.com/publications](http://www.iisrp.com/publications)

The IISRP is an international not-for-profit trade association with over 60 corporate members, domiciled in 22 countries, who produce 75 percent of the world's supply of synthetic rubber. Incorporated in 1960 and headquartered in Houston, Texas, the Institute supports section offices in Milan, Tokyo, and Beijing.
