IISRP PUBLISHES THE 2021 SYNTHETIC RUBBER MANUAL

Houston, Texas, December 2nd, 2021 – The International Institute of Synthetic Rubber Producers Inc. (IISRP) has released the new version of the Synthetic Rubber Manual, the leading global source of information on synthetic rubber products commercial grades worldwide. Starting with this edition, the manual will only be available in electronic format in the form of an APP, which is already available for a yearly membership.

"Downstream elastomers customers and marketing planners make extensive use of the manual," according to Juan R. Salinas, IISRP's Managing Director. The manual is internationally recognized as the benchmark of trade commercial grades in the synthetic rubber industry. The annual membership may now be ordered on the IISRP website for \$500.00

The IISRP is an international not-for-profit trade association with over 50 corporate members, domiciled in 23 countries, who produce 75 percent of the world's supply of synthetic rubber. Incorporated in 1960 and headquartered in Houston, Texas, the Institute has section offices in Milan, Tokyo, and Beijing.
